ABOUT US

About MES - Maharashtra Education Society

In 1860, three great visionaries – Waman Prabhakar Bhave, Vasudev Balwant Phadke and Laxman Narhar Indapurkar came together to plant a seed of an idea. The idea was profound considering the pre-independence era of India.

The three reformists resolved to establish an educational platform that would generate a strong character and lofty ideals amongst youngsters, and one that nurtures nationalism.

In 1874 The 'Poona Native Institution' took shape as their joint efforts. The institution imparted conventional, contemporary education.

About MES'SENIOR COLLEGE

MES Senior College is established by M. E. Society for providing quality education and technical expertise at the Under Graduation Level in the field of Computers and Management.

We offer SPPU affiliated Three year full time graduate programme in BBA- Bachelor of Business Administration, BBA(IB) - Bachelor of Business Administration- International Business and BBA(CA)- Bachelor of Business Administration- Computer Applications.

VISION

MES Senior College vision is to be a globally recognized institution ensuring excellence in academics , innovation , research and entrepreneurship. Institute envisions producing, highly knowledgeable, ethically strong, self -motivated professionals who will contribute effectively towards society and nation.

MISSION

1. To create a center of excellence to develop high quality IT and management professionals who will meet global needs.
2. To make the Institute a front-runner in the fields of Academics and Research.
3. To provide avenues for versatile development of learners.
4. To imbibe ethical and social values among learners.
5. To groom students into ethically sound, socially responsible and nationally committed professionals.
6. To be responsive to changes in technology, socio-economic and environmental conditions

ABOUT US

We believe in providing a coherent teaching learning environment so as to focus on the academic standards, excellence and holistic development of our students. Through our numerous curricular and extra-curricular activities we strive to inspire and support our students to gain relevant skills and become Industry Ready Graduates.

About SPPU - Savitribai Phule Pune University

Savitribai Phule Pune University, one of the premier universities in India, is located in the North-western part of Pune city. It occupies an area of about 411 acres. It was established on 10th February, 1949 under the Poona University Act. The university houses 46 academic departments. It is popularly known as the 'Oxford of the East'. It has about 307 recognized research institutes and 612 affiliated colleges offering graduate and under-graduate courses.

It is one of the finest and most popular educational centers in the city. It offers excellent programs in various areas including Science, Commerce, Arts, Languages and Management Studies.

"The University stands for humanism and tolerance, for reason, for adventure of ideas and for the search of truth. It stands for the forward march of the human race towards even higher objectives. If the universities discharge their duties adequately then it is well with the nation and the people".

- Pt. Jawaharlal Nehru

Achi. Rajeev Sahasrabudhe
Chairman, Governing Body
Maharashtra Education Society, Pune

Governing Body, Maharashtra Education Society, Chairman's Message

Maharashtra Education Society (MES) aims to impart knowledge and empower individuals for a progressive nation. MES has 160 years of standing in academic excellence. MES's IMCC is well known for providing quality education and technical expertise at the Post Graduation Level in the field of Computers and Management. Today's era is of an accelerated technological progress characterized by not only innovations but also their applications and diffusions. Technological revolutions have increased productivity and efficiency in general and has led to changes in management, learning, social interactions, financing and methods of research in particular. At IMCC, we are continuously striving to create personally mature and professionally equipped graduates. We strongly believe in academic excellence and do not compromise on teaching

standards and ethical values. We provide our students with an opportunity and environment for multifaceted development to make them more competent with appropriate attitude and values. With immense pride and great pleasure, I convey my best wishes to all aspiring students and faculty members for their future endeavours.

— Rajeev Sahasrabudhe

CA. Abhay P. Kshirsagar
Vice-Chairman, Governing Body,
Maharashtra Education Society, Pune
Chairman,
College Advisory Committee,
MES' IMCC, Pune

College Advisory Committee, Chairman's Message

This is the age of technology. An era where the world has become a smaller place and people are looking to make it smaller still. No matter where you look, you can feel the presence and effects of technology. The use of Information and communication technology is for social, economic and political development with particular emphasis on helping marginalized people and communities. Information Technology is grounded in the notions of development, growth, progress and globalization and is often interpreted as the use of technology to deliver a better good. MES's IMCC is a strong and vibrant Institute that keeps pace with the demands of the modern world making it the best choice for computer education. The wide range of co-curricular and extracurricular activities offered to students is tailored keeping in mind the future professional needs of the students and industry.

Our team of professionally qualified and dedicated faculty

members strives hard to bring the best in each and every student. They monitor and mentor them personally and constantly encourage them to overcome their shortcomings. Welcome to IMCC where we assure support in achieving your goal in a compassionate learning culture and a warm academic environment. I sincerely hope that your stint at the institute will be memorable and always remain as a fond memory to be cherished for life.

— Abhay Kshirsagar

Dr. Santosh Deshpande
Director, MES's IMCC.

Principal's Message

MES' Senior College under the aegis of Maharashtra Education Society, continues to build on its reputation as a Premier College. MES' Senior College is recognized as a leading under graduate centre of management studies and one of the best institutions in Pune region for its excellence in higher education. Further, in our pursuit of achieving higher standards of excellence. MES's Senior College is a testimony to the quality of educational experience offered to future professionals.

At MES' Senior College, we offer full time Bachelor of Business Administration (BBA), Bachelor of Business Administration- International Business (BBA-IB) and Bachelor of Business Administration- Computer Applications (BBA- CA) courses affiliated to Savitribai Phule Pune University. Our students are offered the best in class educational facilities, extracurricular and

co-curricular opportunities and placements. These make our students true global Management professionals, guided by experienced faculty members through their excellent academic inputs as well as nurturing environment of the college as a whole.

The college also focuses on personality development, team building, research exposure and enhancement of entrepreneurial skills. We have a well-designed and competent Placement Cell, proactively engaged in arranging placement opportunities for our students with various esteemed Industries. We also have Entrepreneur Development Cell(E-Cell)

To conclude I would like to say that MES' Senior College is the right place to learn and shape one's career due to its innovativeness in academic approach and varied platforms provided to its students in all spheres of personal and professional development.

— Santosh Deshpande

Bachelor of Business Administration – International Business (BBA-IB)

Programme Structure Choice Based Credit System - Pattern 2019

The process of globalization has changed perception and understanding regarding business and global economy. Incorporation of right understanding about global business and international trade has become an essential aspect of modern business education. A clear and complete understanding as to how global business functions and what are the implications of different business and economic decisions has become an essential aspect of study. BBA IB education shall play a great role in improving understanding and knowledge about concepts, functions and implications of international trade. It shall also help to acquire necessary skills and insights to analyze various international events and business decisions.

Programme objectives

- To provide a right understanding about the present scenario of international trade and relationship of domestic trade with international trade.
- To explain modalities, functions and activities related with various aspects of international trade.
- To provide knowledge and understanding as to how business decisions are taken while conducting international trade transactions.
- To give knowledge about institutional and regulatory framework governing international trade
- To inculcate skills useful to analyze various international business situations.

Future Prospects

Once students complete their BBA (IB) degree, they have scope for being recruited by national and global MNC's. They can obtain career growth in diverse avenues such as banking, International marketing, International finance, International operations, Global supply chain logistics, and many more fields. Students may also opt for higher education in premier management institutes.

Bachelor of Business Administration – Computer Application BBA (CA)

Programme Structure Choice Based Credit System - Pattern 2019

BBA(CA) is a bachelor's degree in computer applications earlier known as 'BCA'. In this programme, students are taught all about computer software applications, which are designed for end-users so that they can perform the tasks they intend. BBA (CA) is for those students from the commerce or management backgrounds who are looking to gain technical knowledge. The focus of the BBA (CA) Programme (CBCS-2019 Pattern) has always been raising the academic standards, excellence and holistic development of students.

Programme objectives

- To acquire the basic knowledge of computer technology
- To train students to suit the user industry requirement
- To develop an ability to use office automation tools and apply high technology methods for data presentation and applications.
- To establish industry – curriculum interface for mutual advantages.

Future Prospects

Once students have completed the BBA (CA) course, they have plenty of choices, both in terms of higher education as well as career. They also can pursue careers in IT industry and other sectors like telecommunications, research, web development, information system operation, computer graphics and multimedia, and training and support, among others.

Skill Enhancement Courses

These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based instructions for 2 credits every semester.

Skill enhancement provides the opportunity and knowledge for a student to develop and strengthen the necessary skills to gain, maintain, and advance in a chosen area.

Continuous skill enhancement will provide students with relevant practical qualifications that will enable them to perform better at work.

Improving performance involves improving areas which are dealt with on a regular basis.

- Basic Managerial Skills
- Communication Skills for Managers
- Tally and Computer Based Accounting
- Certificate Course in Analysis and Presentation of Data
- Introductory Course in Disaster Management
- Personality and Soft Skills Development
- International Etiquette and Mannerisms
- Foreign Language
- Foreign Language (Advanced)
- Yoga and Meditation
- Ground and Sports Management
- Value Education and Gender Equality
- UGC / SPPU Approved online courses
- College Course under Specific Scheme
- Basic Course in Environmental Awareness
- Advanced Course in Environmental Awareness

Infrastructure

• Smart Classrooms

Technologically enhanced classrooms with over-the-head projectors, computers and smart boards are made available to facilitate integration of learning with smart technology. These classrooms are more spacious and comfortable for the students making lectures easier, engaging, and more interactive.

• Computer Laboratory

Computer labs are fully equipped with updated configuration and latest software with an environment to implement and experiment knowledge acquired in the classroom. Students get internet access to browse through information pool.

• Library

Our Library and Information Resource Centre provides access to wide array of knowledge giving resources and is recognised as one of the best information centres among the Management Institutional Libraries under the jurisdiction of Savitribai Phule Pune University, Pune (SPPU).

Features:

- Amalgamated collection of print and digital resources including the books, journals, reference books, e-journals and e-books.
- Housed in a separate building on the institutional campus to maintain the sanity of the Library atmosphere yet approachable for students.
- User Services to provide access to both online and offline resources.
- 'Koha' an open source integrated library system is made available to access resources smoothly and effectively
- The whole collection here can be accessed through Online Catalogue.
- Institutional Digital Repository is created using d-space to enable access to infinite information.
- Students get access to N-list database and ProQuest Management Collection for effective

Infrastructure

implementation in the academics.

- Rich collection of journals and periodicals, newspapers, thesis, project reports and CD's is available for young researchers.
- We have our active participation in the Strong Library Cooperation Program conducted through INFLIBNET and DELNET.

• Auditorium

Technologically enhanced classrooms with over-the-head projectors, computers and smart boards are made available to facilitate integration of learning with smart technology. These classrooms are more spacious and comfortable for the students making lectures easier, engaging, and more interactive.

• Cafeteria

Our Cafeteria provides hygienic and delicious food at affordable rates. The sitting area for this cafeteria is spacious and has clean and hygienic surroundings.

Research Culture

• National and International Conferences

We at MES Senior College believe in providing and facilitating a platform to the students and researchers to discuss about new technologies and management practices with Industry Experts and Academicians for quality research work. In this purview, the college organizes International Conferences receiving overwhelming response since 2019.

The International Conference on Computer Technology, Management and its Applications (IC2TMA) was conducted in 2019, 2020 and 2021.

• Seminars

We conduct seminars on various contemporary topics to impart skills and knowledge to the participants.

Some of the effective seminars conducted are

- Data Science
- Artificial Intelligence in Education
- Digital Marketing : Career Opportunities

Research Culture

• Guest Lectures

Guest lectures are frequently conducted for our students to enhance their knowledge and benefit them with expert experiences. Some of the impacting guests from International and National arena were

- Mr. Pratik Ghosh, Head - Human Relations, Forbes Marshall spoke with students about Human Relation Management
- Mr. Neville Postwalla, Associate Vice President - Talent Management, Harbinger Group guided about Talent Acquisition and Management Professor Nigel Schofield, University of Huddersfield Research Portal showed path to fight Future Challenges for Electrified Road Transportation
- Dr. Simon Parkinson, University of Huddersfield Research portal discussed about, 'Can we recognise Individuals based on their Key press timings?'
- Mr. Prashant Chouragade, Manager, John Deere Technology Centre spoke about Supply Chain Management.

Eminent personalities from various fields and stalwarts of the industry visit on our campus to lend valuable information from their first-hand experience which serves as an ideal inspiration for the students.

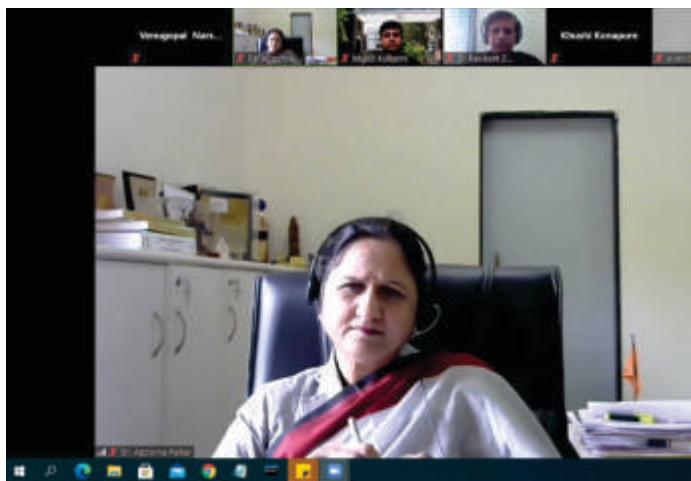

• Academic Research Projects

- Students work closely with faculty mentors on various academic topics with analytical perspective as suggested by the SPPU University.
- This brings an opportunity to students to connect with experts in the field and gain research based and practical knowledge.
- It facilitates research culture among the students.

Start-up and Innovation Cell

The Start-up and Innovation Cell has been established to provide a platform for students to help them achieve their goals for becoming future entrepreneurs. The Cell encourages students to promote their business ideas and develop these ideas as real life business models.

This cell was inaugurated by the hands of Dr. Apoorva Palkar (Director for Innovation, Incubation & Linkages, Savitribai Phule Pune University, Pune), Dr. Anand Godse (Consulting Psychologist and lead, Entrepreneur Transformation Program for DeAsra Foundation, Pune) and Mr. Shashank Mengade (Founder of Café Durga, Pune).

• Highlights of the cell

- Counselling and Mentoring on business idea development
- Consultancy and Networking to create viable business model
- Interaction with Industry Experts to add in valuable inputs in thought process
- Business Plan Competitions to promote healthy competition among young entrepreneurs.

• National and International Relations Cell

This Cell has been set up to support our endeavours to internationalize the campus and student learning. The cell assists in developing an extensive network with Universities and Institutions across the globe through national and international collaborations at various levels by organizing joint academic programs namely -

- Study tours in India and across the International borders
- Guest lectures by International Delegates on various academic topics.
- Collaborations with International Universities for events like Conferences.
- Study abroad programmes giving our students to study in other country.

Educational Tour National & International

National and International educational tours are arranged for our students to provide them practical exposure about working of industries and their management procedures.

• National

- Tata Consultancy Services (TCS)
- Mapro Foods Private Limited
- Yashprabha Group of Companies

• International Industrial Visit

- NeWater Plant, Singapore
- Singapore Maritime Gallery
- National Library of Singapore
- Singapore Management University
- Singapore Indian Chamber of Commerce and Industry (SICCI)
- Curtin University, UAE
- University of Kuala Lumpur, Malaysia
- Sam Building and Constructions LLC, UAE
- Dubai Chamber of Commerce, UAE
- James Cook University, Singapore

Sports Activities

MES Senior College believes in equal contribution of sports along with academics in a student's life and hence encourages students' participation in all Indoor and Outdoor sports activities. We provide on-campus facilities for various games like Table Tennis, Carom, Chess, Volleyball, Football, Basketball and many more.

• Sports facilities

- We have spacious and exclusive courts for Basket Ball and Volleyball Players.
- Coaching to build a strong Cricket team facilitated with cricket kit.
- Table Tennis players can practice efficiently on the German Top Table with TTF Specifications.
- Champion Carrom Boards for carrom masters.
- Chess board for geniuses on campus.

Cultural Activities

We at MES Senior College strive to help our students wide open their minds and spirits by organising various cultural events. These activities encourage our students to participate in state level one act play competitions such as the Purushottam Karandak, Sawai Karandak, Uttung Karandak, Vinodattam Karandak and Rasvanti Karandak.

Annual gathering 'Indradhanu' is a two days long event having exciting competitions and games followed by cultural programs.

• 'Jigyasa' - Intercollegiate Management Fest

'Jigyasa' is a prominent platform for the youth to showcase and experiment with their technical skills and elevate their knowledge magnitude. Every year college hosts this Intercollegiate Fest, 'Jigyasa'. Apart from the hustle-bustle which the festival brings to our campus, it's another objective is to provide a multilateral platform to our young, budding intercollegiate talent to showcase their versatility by participating in various events organized as a part of fest.

Co-curricular Activities

E-Newsletter

The objective behind the monthly e-newsletter of college is to give our students a new platform to explore and write on different concepts which includes technical as well as non-technical subjects, current trends and world news.

Reading Urge Day

Every October 15, Dr. A P J Abdul Kalam's birth anniversary is celebrated as a "World Student Day" for students all around the world. In college, all the students and faculty members celebrate "World Student Day" as 'Reading Urge Day' to encourage our students to keep reading and enriching themselves as students for life.

Intercollegiate Events

We encourage our students to participate in various intercollegiate events organized by other institutes. This helps them to enhance their collaboration skills and enable them to perform better as teams.

Student Counselling

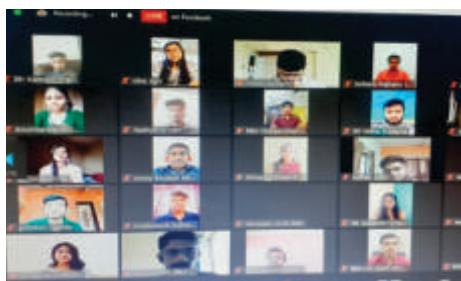

Counselling aims at helping the students understand and accept themselves "as they are". For most of the students, most of the time, life at college is enjoyable. Few students might be struggling at some point; there might be some challenges in personal life having effect on the academic performance and college life. Such students might experience depression or anxiety, but we make sure we are available to support them through counselling.

Induction Programme

'Vidyarambh', our Induction programme is conducted for the students to introduce them to our college and make them acquainted with the college activities, culture as well as the history.

Students Clubs

We have a 'Students Clubs' formed and functioning with an objective of helping students to pursue their hobbies and interests and to bring them together informally. These clubs have activities like reading, listening to music and hobby enhancement activities like photography sessions and discussions, exploring various arts etc.

Social Outreach

• Blood Donation

The noble activity of blood donation is conducted every year to make students sensitive about their responsibilities towards the society and offer their help in ways which they can.

• Kirloskar Vasundhara' Initiative

MES Senior College in association with 'Kirloskar Vasundhara' Initiative has been organizing programs for building awareness to initiate actions to conserve environment, wildlife and promote cleanliness.

• Swach Bharat Abhiyan

'Nirmalya Collection' Project enables devotees to recycle their votive offerings. Under Kirloskar Vasundhara's activities, 'Green College Clean College' (GCC) Competition was organized, GCCC volunteers i.e. Eco Rangers from our Senior College did a fantastic jobs at Nirmalya Collection Activity and we aim to continue the same.

Social Outreach

• Plastic Collection Activity

Eco Awareness about single use plastic and its hazards needs to be created among the young citizens. Our student volunteers spoke with fellow students and educated them about the different categories of plastic and their ill effects on nature. They also suggested them the ways of segregating this plastic

MES Senior College has pledged to be an eco-friendly, green, plastic free campus from and in this light this activity will be periodically conducted through our students. Rangers from our Senior College did a fantastic jobs at Nirmalya Collection Activity and we aim to continue the same.

Collection drive for collecting single use plastic and other plastic items was conducted. A collection centre was allocated for this. All the collected plastic was handed over at SAGAR MITRA collection box in BSM School, Kothrud

• Tree Plantation

To save the environment and beautify our Mother Earth trees should be conserved and planted more and more. College initiates tree plantation activity each year in the rainy season to make students aware of their responsibility to contribute to the beautification of Earth and make it a greener planet.

Remarkable Students Achievements

- Onkar Sonawane from BBA (CA) won India's Youngest Ethical Hacker Award, 2020.
- Riya Joshi from BBA (IB) ranked 2nd Runner up In Beauty of Maharashtra Competition, 2020.
- Ritu Sahani from BBA (IB) won Inter College Badminton Championship at Allana College, Pune

• Professional Memberships

The professional membership is offered to give an opportunity to our students to develop and build networking, which will help them in their career and entrepreneurial journey.

MCCIA

The Mahratta Chamber of Commerce Industries and Agriculture (MCCIA) is an Indian business advocacy and networking group. Students actively participate in the sessions and workshops organized on contemporary areas like Skill development and Employment Opportunities, Innovation and Technology Transfer, Foreign Trade Regulations, Human Resources etc.

PMA

Pune Management Association (PMA) is a Centre of Excellence in the domain of Management that empowers the individuals and Enterprises to excel in their endeavor. PMA focuses on providing a wide range of services, to improve the standards of Management Practices in India.

CSI Student Chapter

Computer Society of India is a body of computer professionals in India. The Society encourages and assists professionals to maintain integrity and competence of the profession and fosters a sense of partnership amongst members.

Training and Placement Cell

- MES Senior College nurtures young minds of our country and encourages them to be placed at the highest pinnacle of success, ultimately aiming for comprehensive placements of our students.
- To enhance the employability of students we provide them a unique training program named 'Corporate Readiness Program' consisting of modules such as soft skills, domain specific skills, aptitude development and mock interview preparation.
- We provide a platform for global companies to recruit industry-ready and proficient students from our campus.
- Our placement cell plays a pivotal role in counselling and directing the students for their successful career.
- We encourage a variety of endeavours to enhance the students' confidence, leadership qualities, attitude, management, communication and creative skills.
- We have successful partnership with our recruiters in upgrading the skills of our students as per specific industry needs and making them productive from day one and are hence the preferred choice for hiring.

• List of Trainings Activities

We conduct different activities throughout the year. Some of them are as listed below

Domain and Soft-skill Training Programs

Here we organize training programs of technical as well as non-technical nature.

Mock Tests and Mock Interviews

Students are made to regularly take mock tests and appear for mock interviews. This helps them prepare for the real ones and get accustomed to whole recruitment process.

Guest Lectures

Guest Lectures are great opportunities for students to listen to industry speakers and become aware of how the professional world operates. Interaction with the speakers helps students to connect with them and expand their horizons at professional levels.

LEAP Program

Under this program we tie up with different esteemed organizations to deliver some courses or conduct professional training for our students. Our knowledge partners under the LEAP program are Harbinger System, Redon Tech and Veritas.

Psychometric Tests

Psychometric tests and SWOT analysis are efficient ways to understand the Strengths and Work areas of a student.

• Mentoring Sessions

These sessions are conducted for students by industry experts. They make students more aware about the industry and help in overcoming their prejudices about it.

Training Cell takes consistent and focused efforts on professional and psychological aspects of students' psyche in order to make them industry ready.

Major Recruiters

These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based instructions for 2 credits every semester.

Skill enhancement provides the opportunity and knowledge for a student to develop and strengthen the necessary skills to gain, maintain, and advance in a chosen area. Continuous skill enhancement will provide students with relevant practical qualifications that will enable them to perform better at work. Improving performance involves improving areas which are dealt with on a regular basis.

Life @ MES Senior College
