Chairman,  
College Advisory Committee,  
MES' IMCC, Pune

members strives hard to bring the best in each and every student. They monitor and mentor them personally and constantly encourage them to overcome their shortcomings. Welcome to IMCC where we assure support in achieving your goal in a compassionate learning culture and a warm academic environment. I sincerely hope that your stint at the institute will be memorable and always remain as a fond memory to be cherished for life.

— Abhay Kshirsagar

**Dr. Santosh Deshpande**  
Director, MES's IMCC.

## Director's Message

Institute of Management & Career Courses (IMCC) under the aegis of Maharashtra Education Society, continues to build on its reputation as a Premier Institute.

IMCC, with its glorious legacy of 36 years, is recognized as a leading post-graduate centre of management studies and one of the best institutions in Pune region for its excellence in higher education. Further, in our pursuit of achieving higher standards of excellence, IMCC's MCA programme is accredited by NBA (National Board of Accreditation) which is a testimony to the quality of educational experience offered to future professionals.

At IMCC, we offer Master of Computer Applications and Master of Business Administration (MBA). Our students are offered the best in class educational facilities, extracurricular and co-curricular opportunities and placements. These make our students are true

global IT professionals, guided by experienced faculty members through their excellent academic inputs as well as nurturing environment of the institute as a whole.

The institute also focuses on personality development, team building, research exposure and enhancement of entrepreneurial skills. We have a well-designed and competent Placement Cell, proactively engaged in arranging placement opportunities for our students with various IT Industries.

To conclude I would like to say that IMCC is the right place to learn and shape one's career due to its innovativeness in academic approach and varied platforms provided to its students in all spheres of personal and professional development.

— Santosh Deshpande

# About Us

## About MES - Maharashtra Education Society

Established in the year 1860 with over 160+ years of past. An icon of the service to the field of education by providing education from kindergarten to post-graduation & doctoral research. 75 top schools, colleges and institutions in Pune Saswad, Belapur, Kalamboli, Shirwal, KasarAmboli, Chiplun and Ahmednagar. Persistent efforts to inculcate social and moral values amongst the students to develop them into responsible and patriotic citizens of India.

### **EMPOWERING PEOPLE FOR PROGRESSIVE NATION**

Knowledge is power.... which enables an individual to work towards a brighter future. Maharashtra Education Society aims to impart knowledge and empower individuals for a progressive nation. With a tradition of 160+ years in academic excellence, it has been working towards this aim through its network of 75+ academic institutions that provide education to 45,000+ students from KG to PG. In addition to its work in the academic arena, it has also been working in the fields of healthcare, women empowerment, rural development, skill development, sports and the like, to help take our nation ahead on the path of progress.

### **VISIONARY ANCESTORS AND THEIR SUSTAINED ENDEAVOURS**

Late Mr. N. R. Mahagaonkar sowed the seeds of Maharashtra Education Society long back in the year 1860. The responsibility of instruction was later taken over by Mr. Bapu Bhajekar. The organization was transformed into a formal institution called Poona Native Institution, thanks to the sustained efforts of Mr. Waman Prabhakar Bhave, Mr. Laxman Narhar Indapurkar and Mr. Vasudev Balwant Phadke, the first treasurer and secretary, who later became a great revolutionary.

The institution was later renamed as 'Maharashtra Education Society' in 1922. MES, as it is popularly known, has been carrying forward this legacy of work for betterment of the society.

## About IMCC - INSTITUTE OF MANAGEMENT AND CAREER COURSES

The Institute popularly known as IMCC was established in 1983 by M. E. Society for providing quality education and technical expertise at the Post Graduation Level in the Fields of Computers and Management. The Institute is recognized by SPPU under Section 46 of Pune University Act, 1974 and Section 85 of Maharashtra University Act, 1994. The Institute is located at Mayur Colony, Kothrud, Pune.

The main motto of the Institute is to instil the concepts of total personality development in the students. The pre-amble of IMCC "FACTA-NON-VERBA" lucidly means that the Institute produces the new breed of professionals, who's deeds will speak and there could be no requirement of pomposity. The zooming enthusiastic, rationale and excellent external endeavors are being imbibed in the students to prove their mettle.

The conducive milieu of the Institute moulds the budding managers to reveal in managing flexibility, integration, change and transformation. These 'would be' professionals are channelized in such a way to 'orchestrate' and deploy business and technological management skills in a synergistic manner to grab the tangible success. The faculty members put their relentless efforts in educating the students to synthesize business management acumen and technology insights in creative manner.

## VISION

IMCC's vision is to be a globally recognized institution ensuring excellence in academics , innovation , research and entrepreneurship. Institute envisions producing, highly knowledgeable, ethically strong, self - motivated professionals who will contribute effectively towards society and nation.

## MISSION

1. To create a center of excellence to develop high quality IT professionals who will meet global needs.
2. To make the Institute a front-runner in the fields of Academics and Research.
3. To provide avenues for versatile development of learners.
4. To imbibe ethical and social values among learners.
5. To groom students into ethically sound, socially responsible and nationally committed professionals.
6. To be responsive to changes in technology, socio-economic and environmental conditions

## About Savitribai Phule Pune University

Savitribai Phule Pune University is one of the finest and most popular educational centres in the city. It offers excellent programs in various areas including Science, Commerce, Arts, Languages and Management Studies.

Savitribai Phule Pune University, one of the premier universities in India, is located in the North-western part of Pune city. It occupies an area of about 411 acres. It was established on 10th February, 1949 under the Poona University Act. The university houses 46 academic departments. It is popularly known as the 'Oxford of the East'. It has about 307 recognized research institutes and 612 affiliated colleges offering graduate and under-graduate courses.

## MCA Curriculum:

The revised MCA Curriculum 2020 builds on the implementation of the Choice Based Credit System (CBCS) and Grading System initiated in the AY 2015. The curriculum takes the MCA programme to the next level in terms of implementing Outcome Based Education along with the Choice Based Credit System (CBCS) and Grading System. At the end of each semester, appearing for various certifications is possible for each student enabling them to make their resume rich. The basic objective of the Master of Computer Application (MCA) is to provide a steady stream of necessary knowledge, skills and foundation for acquiring a wide range of rewarding careers into the rapidly expanding world of Information Technology.

## Structure of the Programme:

Semester I					
Sr. No.	Course Title	Course Code	CP	EXT	INT

### **Value Added Modules:**

**Open Courses (OC) for MCA Program:** The motive behind keeping an open course is to make students aware of current/upcoming trends in Information Technology and other domains. In each semester total 2 credits are reserved for open courses.

### **Suggestive List of OPEN Courses:**

- |                                 |                               |  |
|---------------------------------|-------------------------------|--|
| 1. Data Privacy and Protection  | 14. Ruby Basics               | 27. Scratch and MIT App Inventor Programming |
| 2. Software Agent               | 15. Digital Marketing         | 28. Business Intelligence - be specific      |
| 3. Speech Recognition           | 16. LaTeX                     | 29. Edge Computing                           |
| 4. Linux system administration  | 17. Digital Image processing  | 30. Random Forest using MS Excel             |
| 5. Aptitude building            | 18. G-Suite                   | 31. Design Thinking & Problem Solving skills |
| 6. Sentiment Analysis           | 19. Big data Analytics        | 32. WordPress                                |
| 7. Social media listening       | 20. Network Security          | 33. Green Computing                          |
| 8. Basics of Tableau            | 21. Joomla                    | 34. MS-OFFICE                                |
| 9. R Programming                | 22. Game Programming in Unity | 35. IoT                                      |
| 10. Research Methodology        | 23. Big data Technologies     | 36. Code ignitor                             |
| 11. Fraud detection             | 24. e-trading                 |  |
| 12. Gesture recognition         | 25. Block Chain Technology    |  |
| 13. Applied Statistical Methods | 26. AWS Fundamentals          |  |

### **MBA Curriculum:**

MBA Curriculum 2019 builds on the implementation of the Choice Based Credit System (CBCS) and Grading System initiated in the AY 2013. The curriculum takes the MBA programme to the next level in terms of implementing Outcome Based Education along with the Choice Based Credit System (CBCS) and Grading System.

### **Specializations offered:**

**The following specializations shall be offered as MAJOR / MINOR:**

1. Marketing Management (MKT)
2. Financial Management (FIN)
3. Human Resources Management (HRM)
4. Operations & Supply Chain Management (OSCM)
5. Business Analytics (BA)

**The following specializations shall be offered ONLY as MINOR Specializations:**

1. Rural & Agribusiness Management (RABM)
2. Pharma & Healthcare Management (PHM)
3. Tourism & Hospitality Management (THM)

### **MBA Program Structure:**

Sr. No.	Course Title	Credits	Nature	Comprehensive Concurrent Evaluation (CCE)	End Semester Evaluation (ESE) Marks	Total Marks
<b>BASIC COURSE TYPES</b>						
1	Generic Core (GC)	3	Compulsory	50	50	100
2	Subject Core (SC)	3	Compulsory (Specialization Specific)	50	50	100
3	Generic Elective (GE - UL)	2	Elective	0	50	50
4	Generic Elective (GE - IL)	2	Elective	50	0	50
5	Subject Elective (SE - IL)	2	Elective (Specialization Specific)	50	0	50
6	Summer Project (SIP) Internship	6	Project (Compulsory)	50	50	100

### **Elevating Courses: :**

#### **Coursera**

MES IMCC partners with 'Coursera', a massive online course provider, to bring flexible, affordable and practical online learning to students as well as faculties. Students will be able to learn from some of the best instructors in the world and earn credentials from the world's top universities, including the University of Michigan, Yale University, and Duke University. Professional Certificates from leading industry educators like Google and SAS will help students become job-ready with in-demand practical skills. In AY 2019-20 we offered 85 unique courses on Coursera platform and 165 students successfully completed their certifications.

#### **IIT BombayX**

1. Programming Basics
2. Object Oriented Programming
3. Foundation of Data Structures
4. English for Oral Communication

These self-paced online courses offered by IIT prove to be a great way for students to learn the content apart from their curriculum and work on interesting assignments to seek experiential learning.

#### **SWAYAM- NPTEL**

We host SWAYAM- NPTEL local chapter. The courses hosted on SWAYAM are in 4 quadrants –

- (1) Video Lectures
- (2) Downloadable reading material designed by experts
- (3) Timely tests and quizzes to facilitate Self-Assessments
- (4) Online Discussion Forum to help students, solve their doubts.

In last Academic Year (2019-20) our students enthusiastically completed the 'Introduction to Internet of Things (IoT)' course along with Cloud Computing and Data Mining Courses.

# Infrastructure

## • Smart Classrooms

Technologically enhanced classrooms with over-the-head projectors, computers and smart boards are made available to facilitate integration of learning with smart technology. These classrooms are more spacious and comfortable for the students.

## • Computer Laboratory

The Computer Labs and Computer Centres are well equipped with the latest configurations and software's updated to each device.

## • Library

Our Library and Information Resource Centre provides access to wide array of knowledge giving resources and is recognised as one of the best information centres among the Management Institutional Libraries under the jurisdiction of Savitribai Phule Pune University, Pune (SPPU).

## Features:

- Amalgamated collection of print and digital resources including the books, journals, reference books, e-journals and e-books.
- Housed in a separate building on the institutional campus to maintain the sanity of the Library atmosphere yet approachable for students.
- User Services to provide access to both online and offline resources.
- 'Koha' an open source integrated library system is made available to access resources smoothly and effectively
- The whole collection here can be accessed through Online Catalogue.
- Institutional Digital Repository is created using d-space to enable access to infinite information.

## • Cultural Facility

IMCC offers a 'State of Art Auditorium' with 400 seating capacity to host various Art and Culture activities throughout the year.

## • Sports Facility

IMCC has a strong Sports Cell, where students participating in all the Indoor and Outdoor sports tournaments prepare themselves to win prizes for the Institute from Zonals to All India Level.

- We have spacious and exclusive courts for Basket Ball and Volleyball Players.
- Coaching to build a strong Cricket team facilitated by unique cricket kit.
- Table Tennis players can practice efficiently on the German Top Table with TTF Specifications.

## • Research and Development Cell

The 'Research & Development (R & D) Cell' promotes research culture among the students and faculty members. Its prime role is to connect with the real world and foster research through a range of recognised publications. It enables a congenial environment for technological development and monitors the research activities by students as well as faculties.

**Research Projects:** The college is able to receive research grants for proposals of in excess of 15 lakhs rupees.

**Research Publications:** There are more than 170 publications in national and international reputable journals and citations are creditworthy.

**Patents Published:** Faculty members have published 6 National and International patents in the field of Computer Science and Management.

We at IMCC believe in providing a platform to the students and researchers to discuss new technologies and management practices with Industry Experts and Academicians for quality research work. In this purview, the Institute has organized 3 International Conferences receiving overwhelming response since 2019.

## • Research Centre

Our institute is an active centre for research in Computer Management having 7 renowned research guides associated with us. The centre is affiliated to Savitribai Phule Pune University, Pune. The research scholars associated with the centre have published high quality research papers in the prestigious research journals. 12 Research scholars are pursuing Ph.D. degree and 10 research scholars have attained Ph.D. degree from this centre.

## • Books Published

Five books have been published so far by IMCC Faculty members

## • Special Mention

A remarkable research project titled 'Development of Marathi Interface for Audacity' was developed by IMCC in collaboration with State Marathi Vikas Sanstha. This has now been included in Audacity 3.0 across the globe.

## • Startup and Innovation Cell

This cell functions with the motto to stimulate project based idea generation. We help the selected ideas to work towards becoming a functional Start-up and develop as an enterprise. The cell provides necessary infrastructure and inculcates entrepreneurial traits within the students by offering expert guidance by the faculty mentors and industry experts.

**Sushanth M**  
**CEO**  
**Unicus Internet Solutions LLP**

"IMCC has been a very important pillar in my life. It was indeed an amazing experience to be part of this institution. As students we had a lot of exposure and guidance from people working in the industry. My dream of being an entrepreneur was realized whilst studying here. The atmosphere was very nurturing. My teachers backed and supported my ideas during college years and even later. Everybody was encouraging and believed in me which made my transition easy. Due to all the efforts from the staff, my batch mates and I have landed in a very good place in life. Heartfelt thanks to each and everyone at IMCC."

**Aniruddha Gohad**  
**Co-Founder,**  
**Radon Tech**

The journey from developer to entrepreneur has been a result of the conducive atmosphere IMCC has created. The faculty is approachable, the facilities available are good and the connections formed here are for a lifetime. From placements to training, IMCC has supported my entrepreneurial journey from the get go and I am extremely thankful for that.

# Life at IMCC

## • Industry Tours

We concentrate on holistic development of the students. Organising Industry visits every semester for all the students of MCA and MBA courses facilitates the same.

MCA students get an opportunity to visit the tech parks of various IT giants such as TCS, Tech Mahindra, Infosys and many more. MBA students visit Industries with management perspectives. These visits are mainly to the manufacturing firms such as CocaCola, Mapro and various Automobile Companies

## • HR Meet

The HR Meet is organized with 'Campus to Corporate' theme. This meet takes place annually in association with Maharashtra Association of MCA Institutions (MAMI). The audience for this is diverse, consisting of students, academicians, HR fraternity and technical experts. The significant takeaway of the meet are Industry expectations from the fresher, emerging trends in the industry & academic enhancements required for bridging the gap between academics and industry.

## • Sports Activities

IMCC believes in equal contribution of sports along with academics in a student's life. We provide on-campus facilities for various games like Table Tennis, Carom, Chess, Volleyball, Football, Basketball and many more. Every academic year, we conduct inter-class sports events for all the students. These players get appreciated in our Annual Function. Students are encouraged to participate in inter-college sports competitions and represent the college at such competitions conducted every year by SPPU. IMCC also provides sports material for students participating at inter-collegiate level competitions. Motivation for achieving success is also extended in Sports domain along with academics.

## • Cultural Activities

Culture is widening the mind and spirits. We at IMCC strive to help our students wide open their minds and spirits by organising various cultural events. Events such as Activity Inductions, Inaugurals and Felicitation Functions, Annual gathering and an enthusiastic Farewell Function are organized for students every year. During the Inaugural and Felicitation Function, Institute awards students as the recognition of their laurels. Annual gathering 'Indradhanu' is a two days long event having exciting competitions and games followed by cultural programs. Institute encourages all the students to participate in state level one act play competitions such as Purushottam Karandak, Sawai Karandak, Uttung Karandak, Vinodattam Karandak and Rasvanti Karandak to get exposure to the public stage.

## Special Mentions:

Our students have bagged Karandaks at the prestigious **Purushottam Karandak, Sawai Karandak, Uttung Karandak, Vinodattam Karandak, Rasvanti Karandak and Dnyankranti Karandak.**

## • Management Fest- Jigyasa

'Jigyasa' is a prominent platform for the youth to showcase and experiment with their technical skills and elevate their knowledge. It provides a multilateral platform for our young budding collegiate talent of various disciplines to flourish and reveal themselves to the demands of this ever testing & evolving world. For participants, it's a whole new arena of challenging opportunities into the technocratic world and envisages a vista of unending technologies blended with the management flavours for people who believe in "Life is either an experiment or nothing at all". 'Jigyasa' is designed a level above the usual, which promises to be one of the best "Tech-Fest" in IMCC's history. More than 500 participants from various colleges have participated every year in 'Jigyasa'

## • Co-Curricular Activities

Science and Technology develop every single day. Skillsets are redefined every fortnight. College is no exception! Teaching through non-academic or co-curricular activities is gaining prominence across the world. Co-curricular activities are designed to help students enhance their life skills through learning. These activities enable supplementing and complementing the curriculum and related activities. Students develop in various domains of mind and personality through intellectual, emotional, social and moral development.

## **CSI Student Chapter:**

CSI is an active national organization which consists of technically sound professionals and students. IMCC CSI Student Chapter organizes competitions such as -  
'CodeYoda'- An Online Coding Competition on Hacker Rank Platform  
Online Technical Quiz Competition – Organized on the occasion of National Education Day.

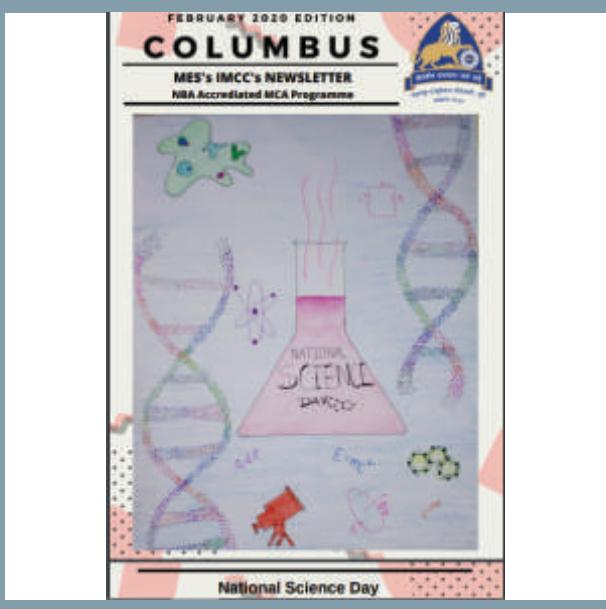

## **Student's Club:**

A club opened for students to improve coding technique along with gaining knowledge of new trends and technology in the field of computers through weekly discussion forums and sessions.

## **Columbus E-newsletter:**

Columbus is the monthly e-Newsletter of college. The objective of this newsletter is to provide a platform for students to explore and put up their ideas of technical as well as non technical topics, current trends, health awareness, placement news etc.

## **Student's Symposium:**

Student Symposium provides a forum for students to present their scholarly and creative work to peers and invited senior researchers in the form of oral presentations, poster sessions, performances, and exhibits. Students will receive feedback on their work and they get a chance to network with other conference participants and faculty members.

## Social Outreach:

Social activities of the Institute help in the development of intellectual, emotional and moral development of students. These activities enable students to express themselves and inculcate social responsibilities into them. These activities comprises of Blood Donation, Tree Plantation, Movie Making (Kirloskar Vasundhara), Student Counselling, Yoga Day Celebration, E-waste and Plastic free Pune Movement, Samajik Rakshabandhan , Health Care Programme, Nirmal Wari Abhiyan, Yuva Chetana Din, etc. Social activities of the Institute help in the developing intellectual, emotional and moral dimensions of the students. These activities enable students to express themselves and help sensitize them to be socially responsible. These activities comprise of Blood Donation Camps, Tree Plantation Camps, Movie Making Workshop (Kirloskar Company's 'Vasundhara'), Student Counselling Sessions, Yoga Day Celebration, E-waste and Plastic-free Pune Movement, Samajik Rakshabandhan, Health Care Programme, Nirmal Wari Abhiyan, Yuva Chetana Din and many more.

## • Student's Achievements

1. Purushottam Karandak for one act play 'Detaka Karandak'
2. Sawai Karandak for one act play 'Born One'
3. Uttung Karandak for one act play 'Born One'
4. Vinodottam Karandak for one act play 'Tuza mazyavar bharavasa nay ka?"
5. Under 'Chhote Scientist' innovative initiative, our students developed an android platform for students in rural areas, which was widely used for learning scientific concepts. This project was undertaken in association with KPIT, India. Our students also got special recognition for the project 'Chhote Scientist', developed on AKASH Android and conducted by IIT Bombay and governed by MHRD, Government of India. This project was selected among top 5 projects at National Level.

# Training

During recruitment, every student is expected to bring something MORE to the table. It thus becomes mandatory for him/her to go beyond academics and learn things which will give him/her an edge over the others. This is where training plays a crucial role.

At the Training Cell of IMCC, we understand this necessity and manage to align our activities to help enhance a student's knowledge and give him/her a confidence to face placement drives with outstanding confidence.

We conduct different activities throughout the year. Some of them are as listed below:

## **1. Training Programs –**

We organize training programs of technical as well as non-technical nature. Technical training helps students to learn recent cutting-edge technologies while non-technical training hones their interpersonal skills. Corporate Readiness Program and Employability Enhancement Training are some of our popular trainings conducted for students.

## **2. Mock Tests and Mock Interviews-**

Students are made to regularly take mock tests and appear for mock interviews. This helps them prepare for the real ones and get accustomed to the whole recruitment process. These mock interviews are conducted by industry experts to get in the real world contexts.

## **3. Guest Lectures –**

Guest Lectures are great opportunities for students to listen to industry speakers and become aware of how the professional world operates. Interaction with the speakers helps students to connect with them and expand their horizons at professional levels.

## **4. LEAP Program –**

Under this program we tie up with different esteemed organizations to deliver some courses and conduct professional training for our students. Our knowledge partners under the LEAP program are Harbinger System, Redon Tech and Veritas.

## **5. Psychometric Tests –**

Psychometric tests and SWOT analysis are efficient ways to understand the Strengths and Work areas of a student. Using this analysis, it is possible to recommend training to students to work on their weaknesses and also to better utilize their strengths.

## **6. Mentoring Sessions –**

These sessions are conducted for students by industry experts. They make students more aware about the industry and help in overcoming their prejudices about it. Also, mentoring sessions help in keeping students focused and motivated to achieve their professional goals.

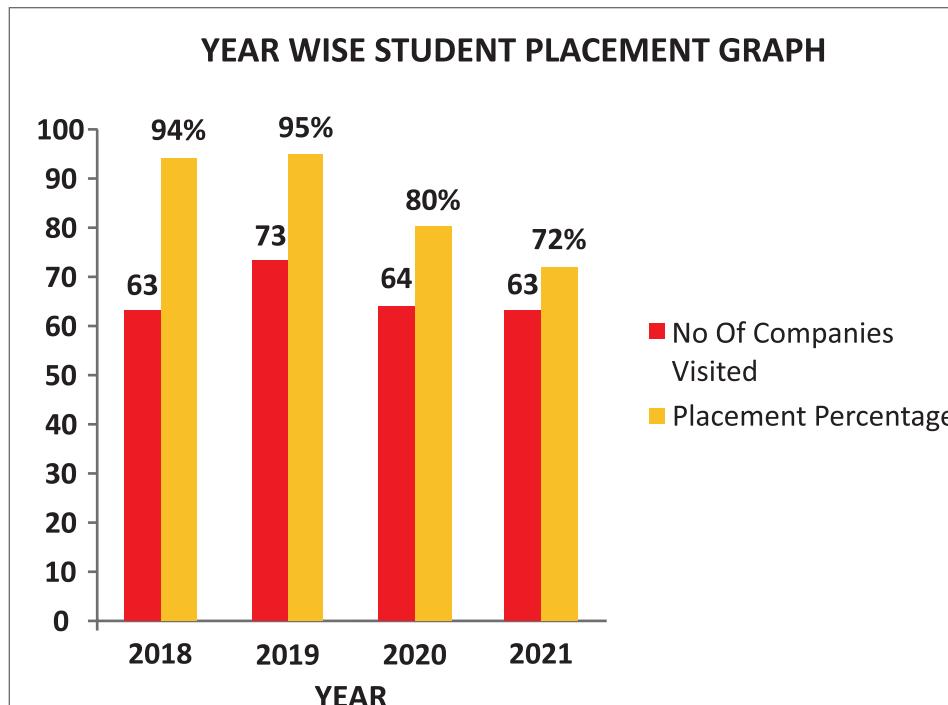

Training Cell takes consistent and focused efforts on professional and psychological aspects of students' psyche in order to make them industry ready.

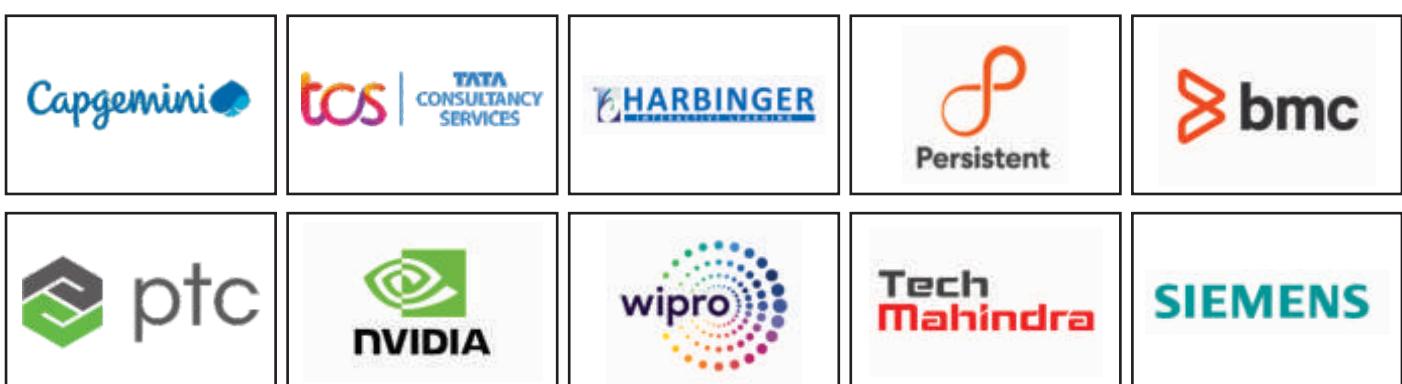

# Placements

- Institute ensures rewarding careers for MBA and MCA students across various industries by helping individual's endeavours thereby manifesting student's knowledge in the real world.
- We have excellent placement records with more than 90% students getting placed every year in more than 160+ companies which visit our campus and have offered numerous accolades to our students.
- Our students from previous batches are well received and have set fit in the Industry.
- The department also arranges pre-placement talks of various eminent personalities from industries.
- Students are encouraged to work on industry projects. The technology support and training are imparted to them from institutes and industries.
- Students are assessed with SWOT analysis and then guided for career path development.

The support and encouragement from Industry, industry-ready and competent students & sincere and dedicated faculty members have made IMCC an 'Institute of Choice'.

# Alumni & Guest Messages

“

**Dr. Ravindra Utgikar**  
Vice President,  
Corporate Strategy  
& Marketing  
Praj Industries Ltd - Pune

“I have had both the honour and pleasure of being a PhD scholar (2010-2014) at MES's IMCC research centre affiliated to SPPU, Pune. I found the facilities and infrastructure at IMCC truly best in class - a very important attribute especially considering the international nature of my research work.”

“My interactions with the guide and faculty were always highly engaging and more often than not, I derive valuable insights from them. Administration and staff were ever so cooperative in helping me navigate through the myriad of procedural aspects that any doctoral program has to undergo as prescribed by the University. I feel truly privileged to be alumni of MES and urge stakeholders to enhance engagement with MES's IMCC which is setting standards for education in the 21st Century”

“

**Dr. Amod Sane**  
Proprietor,  
Green Pharmacy, Pune

“It was my proud pleasure to associate with MES IMCC as a Ph.D. research scholar (2009-2013). During the completion of my research work, I realized the fine quality and willingness of the faculty in providing guidance and cooperation. The resourcefulness and the expertise available at IMCC library are excellent in yielding the guidance and support to the completion of research work. It's my honour to be associated with MES IMCC in a continuous manner as an alumni member.”

”

“

**Amit Deokar**  
Technical Lead,  
Emtec Technologies, Pune

“The friendly environment and systematic approach towards education at IMCC has made me a highly competent individual. I got the opportunity to explore a lot of areas of my personality as IMCC encouraged participation in both curricular and co-curricular activities ranging from paper presentations, debates, organizing events and seminars to theatre and sports. At IMCC we had a very professional approach to tackle campus placements which helped get a head start to an extremely rewarding career in the IT Industry. Today, I feel privileged to be a part of IMCC as it nurtured all my hopes and aspirations and provided for an excellent stepping stone into the corporate world.

“

**Kaustubh Utpat**  
Software Asset  
Management Analyst  
Amdocs

"I intentionally chose IMCC because of the moral values and college name which has got associated with the MES umbrella. I really enjoyed my 3 years of academics and something beyond that. If I talk about academics then college has got knowledgeable teachers, modern facilities and on top of that excellent management everything together helped all students to get their masters degree with very good scores. IMCC always focussed on extra curricular activities like events and guest speakers/ soft skills enhancement & much more which is crucial nowadays. I miss those lectures, computer lab and college events where we all used to work as a team and learned how event management should be done! I also miss all the teachers."

“

**Mrigaja Dambre**  
Associate,  
JP Morgan Chase & Co.

Getting my Masters degree in Computer Application from IMCC is the best decision I've ever made. At IMCC, amidst state-of-art infrastructure accompanied by highly intellectual and supportive faculties, I have witnessed our skills rising to a zenith. The classes are engaging, yet challenging. Professors are approachable, and they make you work to your full potential. Comprehensive Training Programs offered by Career Development Cell of IMCC helped me to secure my Placement. We got training on certifications, interview skills, communication skills and much more. I was exposed to the cutting edge technologies and best industry practices through the guest lectures organised at IMCC, time to time. I wholeheartedly thank Training & Placement Cell for the constant support !!

“

**Kashmira Ghadge**  
Test Analyst at Crif Solutions pvt Ltd

When I decided to pursue MCA, I was looking out for colleges that could help me with my overall growth. Opting for IMCC was a good decision as the college focuses on extra-curricular activities along with academics. With various indoor-outdoor sports options, this college gave me an opportunity to explore my interests. My teachers left no stone unturned to help us grow academically. Their efforts in making the lectures engaging and interactive motivated us to learn more, which eventually lead me to my path to become a Software Professional. The enthusiasm shown by staff and readiness to help made our student-teacher bond stronger. I gained experience & developed management skills by managing events for my college. I truly rejoice all memories and miss College days dearly.
